## HOUSE PASSES THE BONUS BILL OVER HARDING'S VETO

### SENSATIONAL TESTIMONY IN PATERNITY SUIT HEARING

SOUTH BEND, IND., Sept. 20.—(By the Associated Press)—Debate over the admissibility of testimony of Professor John Tiernan regarding the marital relations of himself and wife, is expected to be resumed when hearings are taken up today in the case of Mrs. Augusta Tiernan, wife of the professor, who charges Harry Poulin with the paternity of her ten months old child.

Testimony of Mrs. Tiernan which was corroborated by her husband, was to the effect that the couple had discontinued marital relations several months prior to the beginning of the alleged affair between Mrs. Tiernan and Poulin.

Yesterday's hearing was taken up for the most part with the testimony of Mrs. Tiernan and was replete with sensational incidents. At one point when counsel for the defense hinted at the possibility of Mrs. Tiernan's second child having a father other than the professor, the plaintiff arose from the chair, and with tears streaming down her face, shrieked in a voice that could be heard in all parts of the court room:

"Don't try to say anything like that, it is not true."

Defense attorneys immediately changed the line of questioning. Three times during the period which Mrs. Tiernan was being subjected to a merciless questioning, the witness collapsed, but on being revived was able to continue. Throughout the trying ordeal, she stood firm and refused to change a single instance of her story of the affair with Poulin.

Although no announcement has been made, it is expected that Mrs. Poulin, wife of the defendant, will be placed on the stand today.

GENEVA, Sept. 19.—(By the Associated Press)—The relations between Bolivia and Chile are such that grave difficulties threaten, unless the mediation of a friendly power or the arbitration of the League of Nations can be secured. This declaration is made in a letter received by the secretary of the league assembly from Alfredo Gutierrez, Bolivian delegate to the assembly.

### PROPOSE NEW COMMANDMENT

PORTLAND, ORE., Sept. 20.—(By the Associated Press)—If action taken by the house of bishops eventually is validated, the Protestant Episcopal church will have eleven instead of ten commandments in its prayer book. The bishop voted in general convention here to add "a new commandment," that embracing Christ's admonition to "love one another." It was said that this will be printed with the ten commandments. The text adopted is this:

"Again he said, 'a new commandment I give you, that ye love me as I have loved you, that ye also love one another.'"

### Corn Cutters Scarce

COLUMBUS, O., Sept. 20.—(By the Associated Press)—Farmers here today report that they are having trouble in finding men to cut corn this year. They announced that they are paying from \$3.50 to \$5.00 a day this year, and although 75 men could be placed, only 20 could be had. More men would be needed soon, it was said.

### 200,000 Christians On Shore Helpless

MYTILENE, OFF THE ASIA MINOR COAST, Sept. 19.—(By the Associated Press)—The British, French and Italian consuls have telegraphed the allied commissioners in Constantinople the following: "About 200,000 Christians are still lying on the seashore at Smyrna, awaiting help. The Turkish proclamation for war prisoners from 17 to 45 means deliberately exposing the Christians to death from hunger and massacre, as all identification papers have been burned. Unless pressure is immediately applied nobody will survive. Please act urgently before it is too late."

A Constantinople dispatch Tuesday said permission to send vessels to Smyrna to take off the Christian refugees had been granted by Mustafa Kemal Pasha to the allied powers, the United States and Greece, but that males between the ages of 17 and 45 were excepted and it was presumed the Nationalists intended to use them for military purposes. A Smyrna message today declared Kemal had declined the request of the allies to permit Greek ships to remove refugees, pending his submission of the matter to Angora.

CONSTANTINOPLE, Sept. 20.—(By the Associated Press)—Information that Mustafa Kemal Pasha is preparing to launch an attack for the possession of the Dardanelles in spite of the exhortation of General Pell, French high commissioner, is causing undisguised anxiety in allied military circles in the capital.

It is not improbable that such an attack will be made before the end of the present week it is stated, the Turks taking advantage of the fact that the British have not yet concentrated all their forces.

The British, however, are declared to be determined to hold the straits at all cost, regardless of whether France and Italy participate in the defense.

It is understood that the French cabinet warned the Angora government of the inadvisability of an assault of the neutral zone, but the nationalists are believed to have replied that the proposed attack is in the nature of a defensive and protective movement in view of Great Britain's military preparations in support of her allies' policy of depriving Turkey of Thrace.

CONSTANTINOPLE, Sept. 20.—(By the Associated Press)—The Turkish nationalist assembly at Angora, by an overwhelming majority, has extended the dictatorship of Mustafa Kemal Pasha and has authorized him to continue the war until all the conditions described in the national compact have been fully carried out.

LONDON, Sept. 20.—(By the Associated Press)—Official confirmation was received here today from Constantinople stating that the French had withdrawn their troops from Chanak and that the Italians were apparently doing the same thing. The British force is remaining alone at that point.

PARIS, Sept. 20.—(By the Associated Press)—An agreement between Great Britain and France on the near eastern problem seemed reasonably assured after a two and one-half hour conversation between Premier Poincare and Lord Curzon, British foreign secretary, at the French foreign office this morning.

The two ministers outlined to each other at great length the views of their governments and considerable progress was believed to have been made toward an understanding. Lord Curzon is understood to have informed M. Poincare that Great Britain would insist upon the absolute freedom of the straits of the Dardanelles and would insure this freedom by the presence of a large fleet. The British foreign secretary, however, is said to have intimated that the British military force for this near east would be confined to the navy which gives rise to the impression that the British troops would soon be withdrawn from Chanak.

### Auto Goes Thru Bridge

CLEVELAND, O., Sept. 20.—(By the Associated Press)—Vincent Mooney, 25, Cleveland Heights, was killed and his companion, J. C. Manix, who, it is believed, was driving the car, suffered a broken shoulder, severe cuts and probably internal injuries, when their light automobile crashed through a railing of a bridge over Euclid Creek. The car, swinging in the center of the bridge, plunged 20 feet and landed 30 feet from the bridge, plunging its occupants in the wreckage.

### Pottery Makers' Strike Called

EAST LIVERPOOL, O., Sept. 20.—(By the Associated Press)—Orders instructing 7,000 general ware pottery workers in the United States to quit work on the night of September 20, were mailed today by President John T. Wood to officers of subordinate unions of the National Brotherhood of Operative Pottery.

All hope of averting the walkout was abandoned today when the union's demands for a seven per cent increase over the present wage scale which expires October 1, were refused by the companies. Union members will be paid \$10 weekly benefits during the period of the tie-up from the Brotherhood Defense Fund, President Wood said.

### Radio Equipment Stolen; Traces Loot By Radio

CLEVELAND, O., Sept. 20.—(By the Associated Press)—One night in August the home of Daniel F. Murphy was burglarized and a large part of the equipment of his radio station stolen. Among the loot was a high-powered sending set.

Several days later radio operators in Cleveland heard a new station sending out messages. The new station had no call number, was not licensed and could not be located.

Believing it was operated by the thief who robbed him, Murphy, an electrician, set out to find it. He installed a receiving set on an automobile and night after night toured the city, tuning the set to the pitch of the unknown operator.

Finally repeated circling of a particular block failed to show any point where the messages could be heard more plainly than another.

Eric Kutz lived in this block. Persons came to his home every day to see the set. As fellow radio fans, Murphy and his friends also visited the house. There they recognized the stolen apparatus.

Yesterday Kutz was sentenced to an indeterminate term in the Mansfield Reformatory after he had been indicted for burglary, larceny and receiving reform stolen property. He denied the burglary charge, but pleaded guilty to the charge of receiving stolen property, saying he had bought the outfit.

### Jewell Charges Plot To Wreck Rail Unions

CHICAGO, Sept. 20.—(By the Associated Press)—With counter-charges of a union wrecking conspiracy of railway executives injected into the proceedings by the defense, hearing on the government's rail strike injunction continued before Judge James H. Wilkerson today with only two days remaining to finish testimony and complete arguments before the temporary order expires tomorrow night. The charge of a conspiracy to destroy the railroad unions made in an affidavit by H. M. Jewell, head of the shop organizations was offered to counter charges by Attorney General Daugherty that the rail strike was a conspiracy against interstate commerce.

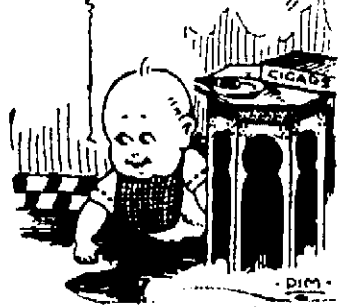

Mr. Jewell's affidavit was read by defense attorney, Donald H. Richberg who today continued his attack on the injunction bill. Mr. Richberg indicated that he would consume the entire day with counter charges and argument.

In his affidavit Mr. Jewell laid the blame for the strike at the door of the Association of Railway Executives. Twenty-five rail heads linked together in the operation of 90 class one roads with a truckage of 211,250 miles or 82 per cent of the country's entire mileage, were specifically mentioned as responsible for conditions leading to the strike.

Of these twenty-five there were eight named as a group forming the inner circle of the financial combine. They were named as follows: Robert S. Lovett, chairman of the board of Union Pacific and director in 12 roads; William Rockefeller, (now dead), director in 11 roads; H. W. DeForest, New York lawyer and capitalist, and director in 11 roads; A. H. Smith, president of the New York Central, director in 11 roads; G. F. Baker, president of the First National Bank in New York, director in 11 roads; H. H. Vanderbilt, director in 10 roads; Samuel Hays, president of the Pennsylvania system, and L. F. Loree, president of the Delaware and Hudson Railroad.

### Fifty More Votes Than Needed Are Recorded

WASHINGTON, Sept. 20.—(By the Associated Press)—The house passed the soldiers' bonus bill today over President Harding's veto.

The vote was 258 to 51, or 50 more than the necessary two-thirds majority.

Ohio congressmen voted as follows on the motion to override the president's veto: To override—Begg, Cable, Chalmers, Cole, Cooper, Foss, Fitzgerald, Kearns, Longworth, Moore, Morgan, Murphy, Ricketts, Sparks, Stephens, Thompson, Foster and Norton.

Himes, of Canton, is the only one recorded voting to uphold the president.

The bonus bill was laid before the senate shortly after 2:30 o'clock and the president's veto message read to the senate which already had been debating the question for more than an hour.

In his message to the house, President Harding based his veto of the bonus largely on the ground of the failure of congress to provide a method of financing and the consequent heavy drain it would prove on the treasury. He made it clear that the interest on the foreign debt could not be rolled upon, asserting that even taking into account such payments as were likely to be received from that source the treasury faced a deficit of \$150,000,000 this fiscal year and an even further shortage in the succeeding year.

The president declared that enactment of the measure would wipe out the result of the administration economy program and would entail further borrowings by the treasury, every one of which, he added, threatened higher interest and delayed the adjustment to stable government financing.

Americans Charge  
Turks Start Fire  
To Annihilate Armenians

CONSTANTINOPLE, Sept. 20.—(By the Associated Press)—The American torpedo boat destroyer Stimpson has arrived here bringing more American eye witnesses of the Samsun fire. All agree that the flames originated in the Armenian quarter of the city and assert that the evidence strongly indicates that the Turks wilfully started the fire. The Kemalists' hatred for the Armenians is much more intense than for the Greeks, these observers explain and they believe the Turks determined to exterminate the Armenians at the moment of their invasion. After the fire had progressed for a few hours the wind shifted suddenly from the north to the south, spreading the flames to the European quarter, which was soon laid waste and the Turks, it is said, then realized their mistake.

American sailors on patrol duty declare they saw Turkish soldiers setting houses afire and applying torches to heaps of rubbish in the streets.

## Rarden Menaced By Stubborn Blaze

Heroic work by a bucket brigade of men and women prevented a serious conflagration in Rarden Monday, when fire was discovered in the store building and dwelling house of D. T. Blackburn, on Main street. William Wadsworth's pool room now occupies the building. The fire which was discovered during Monday forenoon, proved to be a stubborn blaze, that was not easily quenched. The bucket brigade worked hard for some time before they succeeded in putting out the fire.

The Blackburn building is located in a congested district and as there had not been any rain in that section for some time the fire threatened great damage. Damage to the building by fire and water will be about \$200, while Wadsworth, pool room owner, places his damage to fixtures, at \$100, covered by insurance. Robert Schuler's restaurant fixtures and Mrs. Blackburn's household goods were removed to places of safety.

however, that they had been met by Mrs. Bowman. She had independent funds."

Victorine Robert Hindman, who alleged in a statement to the prosecuting attorney that he exposed a plot by Mrs. Bowman to have her husband shot, added a new twist to the story today.

"When Mrs. Bowman made her offer to me, thinking I was a gunman, I suggested that we throw Bowman's body into a well," said the slayer. She replied quickly, 'Oh, no, if they don't find the body, I do not get the insurance.'"

Although severe surpluses the needs of the company officials, it is known no effort is being spared to find a way whereby coal can be procured at a cost in line with the manufacturers' ideas in this respect.

## RECEIVING MANY INQUIRIES ABOUT BUREAU MOVIE CONTEST

A steady stream of inquiries concerning the motion picture soon to be taken on Social Welfare, is pouring into the Scenario Editor's desk at the Bureau of Community Service.

Many of these letters are coming from outside the city, asking if anyone living in the county can compete in the Bureau Motion Picture Contest. Anyone in the city or in the county who has an idea showing the dramatized work of the Bureau of Community Service is invited, without further notice to sit down, write out their ideas and send their script in as soon as possible.

In the many letters received this morning, one contestant living out of Portsmouth in a little town with only one train a day, has tried every library within a radius of 20 miles to secure a book on scenarios. She asked, as do many others, if the script has to be typewritten. Contestants are urged to watch the daily papers. The rules and regulations concerning the contest have already been printed and beginning today, a series of articles on writing scenarios will be published. But don't count yourself out of the contest if you can only send a synopsis. Your synopsis may be one of the few to be put in the campaign reel.

Writing for motion pictures is very different from writing a play for the spoken stage or writing a short story. The play depends upon spoken words to get the idea over the footlights to the audience. The success of the motion picture depends entirely upon the writer's ability to express and describe his story in terms of action.

When dramatizing these incidents of the Bureau for the screen, remember that the whole idea has got to be expressed by actors unable to speak a single word. Outline the story you are going to picture and then make your characters tell their story by what they do and how they act. "Subtleties" or words of explanation flashed upon the screen to explain action or essential speech of the character should only be used in extreme cases.

Commercial motion pictures are made up of film a thousand feet long. This is called a reel of film. A feature picture ranges from five to seven reels, comedy films are usually a reel in length. The reel which the Bureau of Community Service will make will be only five or six hundred feet in length. It will consist of different incidents dealing with the varied departments. Therefore each scenario can not be over seventy-five feet in length and must tell a story which takes up as little footage as possible. The less footage your story takes, the less it costs the more chance you have of its being accepted. Every single foot must tell a story with a punch.

Scenarios (which mean the complete manuscript of the motion picture) give the action scene by scene. Everything in the story necessary to move the camera means another scene. After you have outlined your story get it into form in

the fewest possible words, fewest number of scenes with every scene dealing with the varied department of action and nothing else. Look it over and be sure it leads up to a climax. This climax or in other words the most exciting part of your story should come two-thirds through the film.

The last few feet may be used as showing the result of the action and it should be as short as possible. In this result can be shown the beneficial work of the Bureau of Community Service.

**Get Them In Early**  
Contestants submitting pictureized stories of the work of the Bureau of Community Service are advised to get their stories in early so that the judges will not be impeded in making their selection of the winning photographs from the many scripts which will be sent in.

"Still" or photographs of the most likely "locations" where the Bureau does its work are being taken. Contestants who think they know locations particularly adapted to the setting of their story are requested to put in their exact location in their scene information. If you know of a street corner you think fits in your story put the name of it in, or if the action occurs as you picture it mentally in front of any story, put it down and tell just where you want it to occur.

## Stevenson Murder Trial Thursday

George Stevenson, indicted for murder in the second degree for the killing of Thomas Brewer, will be brought to trial before Judge Thomas and a jury in Common Pleas court Thursday morning.

The murder occurred on Second street, near the White Bear hotel, on July 4, last, when Brewer was shot to death during an altercation.

The accused, it is said, admits firing the fatal shots and it is expected that a plea of self-defense will be interposed in his behalf on the ground that he used the weapon in his proper self-defense.

Stevenson will be defended by Attorney Theo. K. Funk and Prosecutor Sheppard will handle the case for the state.

To clear your skin

If your skin is red, rough, blotchy and clogged with dust and oil, don't pinch it and press it. That increases the irritation and sometimes causes infection, should the sensitive skin become bruised by the finger nails.

The use of Resinol Soap and Ointment is a very simple and pleasant way to overcome this condition. It can usually be relied upon for prompt and satisfactory results even in severe, stubborn cases.

Full directions for this treatment accompany every package of Resinol Ointment and Resinol Soap. You will also find there detailed instructions on the care of the skin. Resinol Soap is ideal for the bath, why it should be adopted for the daily bath.

## Mystery House May Have Been Trysting Place

NEW BRUNSWICK, N. J., Sept. 20.—(By the Associated Press)—The inquiry into the killing last week of the Rev. E. Wheeler Hall, rector of the church of St. John the Evangelist, and his choir leader, Mrs. Eleanor Reinhardt Mills, wife of the church sexton, was centered today on investigating a theory that an abandoned farm house near the spot where their bodies were found Saturday night might have been used by the slain couple as a trysting place.

Prosecuting officers were expected to cause the arrest of one person on a warrant charging suspicion of murder. No intimation was given as to the identity of the person to be arrested.

Authorities were reticent to discuss their theories about the house, known for some time as the "house of mystery," and which has been found to be completely furnished, although no tenant has occupied it for some time.

The discovery of a pistol was the outstanding accomplishment yesterday. It was not disclosed whether the authorities believe they have found the weapon with which the two were slain.

Mrs. Hall, widow of the clergyman, and her brother William Stevens, were to be questioned further by investigators today, as to their movements on Thursday night and early Friday.

## Heavy Damages Asked For The Herrin Disaster

MARION, ILL., Sept. 20.—(By the Associated Press)—The Williamson county board of supervisors today was expected to take up consideration of bills asking approximately \$275,000 for alleged damages growing out of the Herrin riots last June, in which more than a score of persons were killed. Simultaneously the investigation by the grand jury which has been conducting an inquiry for several weeks, continued.

The board of supervisors is expected to refuse the claims and the next step for those seeking damages, according to attorneys, will be to file suit in the county court. The damage bills include \$240,000 asked by the Southern Illinois Coal Company for damage done to its mining property during the rioting, \$20,000 asked by the Hamilton-Lester County Coal Company, operating an adjoining mine for property damage and settlement, \$150,000 asked by non-union workers for loss of personal effects. The bills do not include claims for the deaths of the 19 non-union workers who were killed. These claims, it was explained, are to be filed directly in the county court. Investigation of the failure to apprehend 11 of the 58 men indicted in connection with the mine killings, was brought to the attention of the grand jury by the prosecutor. One of the indicted men still at large, John Kelly, was reported to have been seen on the streets, boasting of his freedom. It was said that no attempts have been made to arrest him.

### Boy Hit By Auto; Slightly Hurt

Slight cuts and bruises on his head and face and severe shock were the only injuries suffered by Earl Shumate, four-year-old son of Mr. and Mrs. Fred Shumate, of 921 Tenth street, Tuesday evening, about 7:30 o'clock, when the child was struck and knocked down by an automobile driven by Heron M. Johnson, well known insurance man.

The child was playing in the street on Gay between Tenth and Eleventh and darted in front of the

machine, which was traveling north on Gay. Mr. Johnson was driving slowly and quickly stopped his machine. He picked the child up and rushed him to Schirman hospital, where an examination showed no bones broken and no serious injuries sustained. According to Mr. Johnson the child darted from in front of a machine parked along the curb and that he was so close to him he could not stop or swerve to one side to avoid hitting him.

There is nothing like it to heal the skin." — Mrs. Charles A. Brown, Ashaway, R. I.

The reason Sykes Comfort Powder is so successful in such cases is because it contains six healing, antiseptic ingredients not found in ordinary talcums. For twenty years it has been used and endorsed by physicians and mothers, and nurses call it "A Healing Wonder."

Miss Dolly Wise

She is here to answer any and all questions concerning love, matrimony, troubles, woes, etiquette, etc. Inquiries should be addressed to Miss Dolly Wise, care The Daily Times, Portsmouth, Ohio.

Dear Miss Wise—Will you please answer the following questions. What are the names of the largest churches in Columbus, Ohio? Give me the names of one of the largest hotels in each of these cities: Toledo, Cleveland and Akron. What is the largest summer resort in Ohio and where is it located? I need the above information very badly.

**DAILY READER**  
Among the largest churches in Columbus are the St. Joseph's Cathedral, the Broad Street Presbyterian and the Trinity Episcopal. The Sevier and the Waldorf are the largest hotels in Toledo; the Statler, the Hollenden and the Cleveland are the largest in Cleveland and the Marine and the Portage are the two leading hotels in Akron. Cedar Point on Lake Erie is probably the largest summer resort in the state. Buckeye Lake and Indian Lake are also quite popular.

Dear Dolly—Please tell me where Henry Willie lives. I am just crazy about him and would love to see him.  
**PEGGY OF FULLERTON.**

I'd like to see him myself, so if he comes around I will tell him about you.

Dear Dolly—How many pounds of cabbage will it take to make 25 gallons of kraut?

**ANXIOUS READER**  
250 pounds of good cabbage will make 25 gallons of kraut.

Dear Dolly—Please tell me a way to curl bobbed hair. I see so many girls have their bobbed hair all curled. Do they curl it with curling irons or how? Now, Dolly, as my hair is straight please tell me how to curl it.  
**ST. PAUL READER**  
You can curl your hair with a hot iron, or put it up on kid curlers.

Miss Dolly Wise—As you give such good advice to others I am coming to you to advise me. I went with a widow with three children for three years but we had a falling out, then I married another widow. Now I have found out I made a mistake. Now, I am thinking of getting a divorce and marry my first love. She tells me she will marry me. What should I do?

**DISSATISFIED HUSBAND**  
When a person marries for spite I think they should be made to suffer the consequences. You can use your own judgment about marrying the other woman, but if I were in her place I would not have you on a Christmas tree.

Dear Dolly—Please print as soon as possible a recipe for angel food cake, and if it is all right for a wedding cake.

**BRIDE TO BE**

Angel Food Cake—White of 11 eggs, one teaspoon of cream of tartar, 1 1/2 cups granulated sugar, one cup sifted flour, one teaspoon of flavoring. Beat the eggs until light, add the cream of tartar and beat to a stiff froth; then add the sugar gradually. Fold in the flour after it has been sifted five times; add the vanilla and pour the mixture into an ungreased angel cake pan. Bake in moderate oven forty-five or fifty minutes; turn the pan upside down and let it stand until the cake falls out. I don't believe I would use this for a wedding cake. Since you are going to the trouble of making a cake why not make the wedding cake.

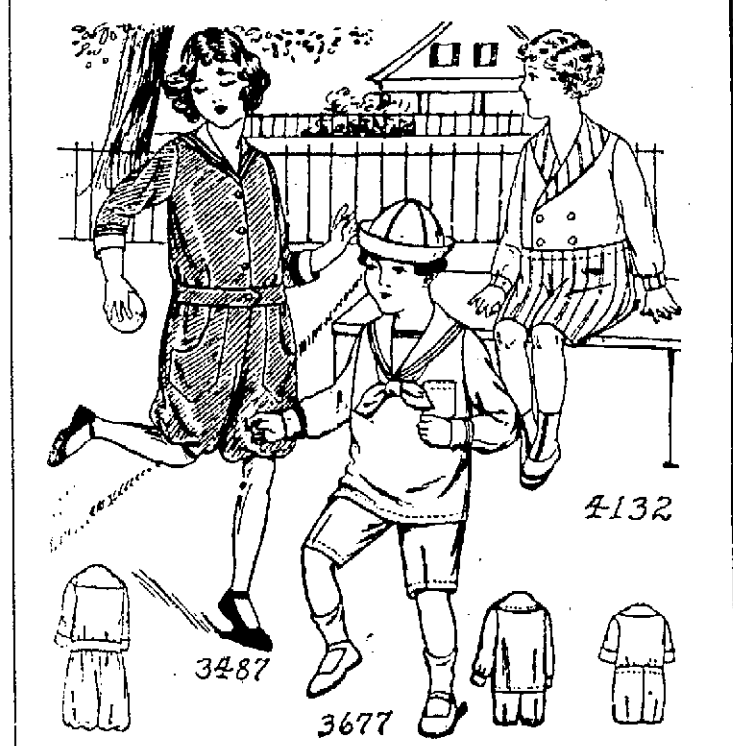

**SPARKERS, N. Y.**—Dear Miss Wise—Last year you had such a dandy pepper hash recipe, that was supposed to be put up cold. In The Times, and I cut it out and made off of the recipe and put it away so good I can't find it. If it isn't too much trouble will you please print it for me again.

**FROM THE EMPIRE STATE**  
**Pepper Hash**—Twelve red peppers, twelve green peppers, twelve large onions, one tablespoon salt, one cup brown sugar, two cups cider vinegar. Wash peppers, remove stems and seeds. Peel onions. Put all through food chopper. Add salt and water to cover. Boil ten minutes, drain in strainer; rinse with cold water. Boil ten minutes with sugar and vinegar. Seal in hot, sterilized jars. This will make about four quarts if peppers are large.

**THE INDEPENDENT WOMAN**  
is one of the brightest jewels which adorn our modern, economic system. But too often this independence is gained at the cost of health, and the wage-earning woman struggles through her duties, a prey to nervousness, backache and despondency. Does not her independence then become more of a burden than a joy? Lydia E. Pinkham's Vegetable Compound has helped many such women to regain their zest in life, and will help many more.—Advertisement.

**MARRIAGE A LA MODE**  
**A** JAPANESE marriage often begins as early as 7:30 in the morning and lasts until late at night.  
At one time during the ceremony the bridegroom reads a written report to his honorable ancestors.

Following that, sake, the Japanese drink is served to the couple and prayers for their happiness are offered.

They had been stolen while Lan-

### CHAPTER XIII

#### Mademoiselle the Detective.

N London, about noon last day,  
Wertheimer deciphered a code  
message:

"Dear old bean: Please advise pre-  
fecture de police without revealing  
your source of information. Uniden-  
tified man murdered on express  
stopped yesterday Hotel Terminus,  
Lyons, under name of Comte de  
Lorgnes. During entire evening he  
force entraining he was shadowed by  
two Apaches, one of whom, passing  
as Albert Dupont, hooked in some

carriage with Lorgnes, but detained  
Lorgnes six-fifteen. (An admirably  
succinct sketch of the physical Du-  
pont is here deleted.) As stranger in  
Paris I crave passionately to review  
night life of great city but am natu-  
rally timid about going out alone  
after dark. Only society of beautiful  
accomplished, well-informed and  
agreeable lady can put me at ease.  
Can you recommend one such to me  
by telephone? Presume you have  
heard your old friend Duchemin is  
suspected of looting jewels of Ma-  
dame de Montalais, Chateau de  
Montalais, near Millau. He counts  
on your discretion to preserve secret  
of his innocence pending further ad-  
vice. Paul Martin, here stopping  
Hotel Chatham. Toodle-oo."

"M. L."

A telegram from London addressed to  
M. Paul Martin, Hotel Chatham,  
Paris, was delivered late in the after-  
noon:

"Prefecture tipped off. Many  
thanks. Fully appreciate you can-  
not trust yourself alone in the dark.  
Therefore cheerfully delegating pre-  
servation of your virtue while in Paris  
to Mlle. Athenais Rencaux, maiden  
lady nature charming, whom I beg you  
will respect as you would my sister.  
Wishing you enjoyable intellectual  
evening—"

It needed receipt of a petit-bien,  
while he was dressing for dinner, to  
cure Lanyard of an attack of prenu-  
itory shivers brought on by recolle-  
ction of the awful truth that one is  
never really safe in trifling with an  
Englishman's sense of humor.

"Dear Monsieur Martin: It is too  
sweet of you to remember your prom-  
ise to ask me to dine the first time  
you come to Paris. Since you leave  
it to me, shall we say the Ritz, at  
half past seven? In case your mem-  
ory for faces is poor—it has been a  
long time since we met, hasn't it?—  
I shall be wearing the conventional  
fast black with my very best in-  
genue expression; and my feather  
fan will be flame-colored."

"Always to you—"

"ATHENAI'S RENCAX."

Now that sounded more like . . .

Mademoiselle Athenais Rencaux  
lived up in most gratifying fashion  
to the tone of her note.

She swept spiritedly into the  
lounge of the Ritz, a tall fair girl,  
very good-looking indeed and bril-  
liantly costumed, and placed Mon-  
sieur Paul Martin in one glance, on  
the instance of his calculated start  
of recognition.

"Paul!" she cried in lilting accents.  
"I'm so glad! It's been simply ages  
—And looking so well! I don't  
believe you've changed a bit."

"And you, Athenais, always ex-  
quisite, but today . . . Truly one  
has never seen you looking better."

"Flattery," she commented. "But  
I love it."

Meanwhile her gaze reviewed the  
lounge in one swift, searching glance,  
and returned to Lanyard with a  
droop of the lashes, signified there  
was no one present likely to prove  
dangerous.

"Flattery? To you? But impos-  
sible!"

He delighted her, and she showed  
it openly. But her lips said only:  
"Have I kept you waiting a fright-  
fully long time, poor boy?"

"Let your appetite accuse you,  
Athenais."

"But I am starving!"

"Then, as I take it, nothing on  
earth can prevent our going in to  
dinner."

Lanyard had already consulted  
with the maitre d'hotel over the menu  
and the reservation as the two settled  
down at the table on the side of the  
room.

"Monsieur received a telegram this  
afternoon?"

"Yes, mademoiselle. And you?"

"It is here—since I am. May I see  
yours?"

With a gay gesture she handed over  
her telegram from London and took  
his in exchange.

The ordinary cipher of the British  
Secret Service was as readily intel-  
ligible to both as if the messages had  
been couched in opera French or Eng-  
lish.

The girl was laughing as she re-  
turned Lanyard's telegram and re-  
ceived her own.

"Mature charms!" she pouted.  
"Enjoyable intellectual evening! Oh,  
how depressing! And are you  
going to obey my injunction to  
treat me as somebody's sister?"

"Not in my life!"

"Like that better. And," she in-  
quired demurely, "may one ask what  
are monsieur's commands?"

"First: you will continue to flirt  
with me as at present—outrageously."

"Even when you make it so diffi-  
cult?"

"And then, if I discover an inter-  
est in people I may chance to see,  
you will be good enough to tell me  
who they are and—other details con-  
cerning their ways of life."

"Perhaps I know them. It might  
save time if you would give me their  
names."

"Le Comte de Lorgnes?"

Mademoiselle Rencaux looked blank.

"Madame la Comtesse de Lorgnes?"

"If you could describe them, per-  
haps—?"

Indigestion

Doubtless if you are a sufferer from  
indigestion, you have already tried  
pepsin, pancreatin, charcoal, drugs  
and various digestive aids and you  
know these things will not cure your  
trouble—in some cases it does not  
even give relief.

But before giving up hope and de-  
ciding you are a chronic dyspeptic  
just try the effect of a little Bisur-  
ated Magnesia—not the ordinary com-  
mercial carbonate, citrate, or milk,  
but the pure Bisurated Magnesia  
which you can obtain from practically  
any druggist in either powdered or  
tablet form.

Take a teaspoonful of the powder  
or two compressed tablets, with a lit-  
tle water after your next meal, and  
see what a difference this makes. It  
will instantly neutralize the danger-  
ous, harmful acid in the stomach  
which now causes your food to fer-  
ment and sour, making gas, wind,  
flatulence, heartburn and the bloated  
or heavy, lumpy feeling that seems to  
follow most everything you eat.

You will find that provided you  
take a little Bisurated Magnesia im-  
mediately after a meal, you can eat  
almost anything and enjoy it without  
any danger of pain or discomfort to  
follow, and moreover, the continued  
use of the bisurated magnesia cannot  
harm the stomach in any way so  
long as there are any symptoms of  
acid indigestion. —Advertisement.

## Negress Who Shot Husband Sent To Marysville Home

Ella May Winn, 24, negress, was  
sentenced to an indeterminate term  
in the Woman's Reformatory at  
Marysville by Judge Thomas Tues-  
day, following her conviction by a  
Common Pleas court jury under an  
indictment "for shooting her hus-  
band, Joseph Winn, with intent to  
murder."

The jury deliberated upon the  
case 45 minutes and turned the ver-  
dict into court shortly after four  
o'clock yesterday afternoon.

The shooting occurred at the home  
of John Wilkerson, on Thirteenth  
street, near Waller, on the night of  
August 19 last, when Winn called  
there to induce his wife to return  
home. The evidence showed that  
Winn had ejected the defendant from  
the house into the front yard, when  
she shot him twice, once through the  
right side and again through the  
right arm.

The defense set up a plea that  
Winn was a wife beater and fre-  
quently assaulted the accused just for  
amusement, but insisted that he  
struck her once too often and con-  
sidered that the shooting was wholly  
justified.

The jury took a different view and  
said through its verdict that the ac-  
cused should be punished for her act.  
In passing sentence, Judge Thomas  
said he concurred in the verdict and  
told the prisoner that she was for-  
tunate in that she was not before the  
court on a murder charge. The court  
then pointed out that the evidence  
indicated that the shooting was the  
result of the defendant drinking  
moonshine liquor and referred to the  
frequent trouble in the North End,  
attributed to the same source, which  
must stop so far as this court is con-  
cerned, he added.

Attorney B. F. Kimble represented  
the defendant and Prosecutor Shep-  
ard appeared for the state.

### Selby Car Damaged By Fire

The Winton Six motor car, owned by Homer Selby, was badly damaged when it caught fire at 5:30 o'clock last evening, while in the garage at the rear of the Selby residence, 1641 Grant street. Mr. Selby was in the car at the time but was not injured.

The floor of the garage was cluttered with shavings and sawdust, used to catch the old drippings that fell from the machine. The carburetor of the car had been leaking, and when Mr. Selby, who was intending to go down town, started the motor, the engine backfired, igniting the sawdust and the shooting flames leaped all about the vehicle.

Mr. Selby lost no time in jumping from the car and telephoning in an alarm, to which the Hilltop and Gallia street departments responded. In the meantime he managed to keep the fire from gaining much headway, by using a fire extinguisher, but before the firemen arrived and extinguished the blaze with the use of chemicals, the tires were completely ruined, the enamel chipped off and the body badly scorched. The damage is estimated at approximately \$200.

### Outline Plans For Sewerage Improvements

Definite plans for the proposed sewerage improvement for Portsmouth were formulated at a conference of city officials, F. H. Warren, of the state department of health and C. F. Rankin, sanitary expert, of the firm of Pierce, Greeley and Hanson, Chicago, held at the office of the service department, Tuesday.

At the conclusion of the conference during which various phases of the undertaking were discussed, it was announced, that it had been decided to proceed with the preparation of the legislation providing for bond issues to cover the cost of the improvements.

It is hoped to have the legislation ready for the action of council at an early date in order that the actual work on the proposed improvements may start as soon as all legal requirements are met.

The general sewer program as was recommended by a survey recently completed involves a total expenditure of about \$350,000 but the plan suggested by Mayor Gableman has been adopted to do the work piece by piece which will not require the entire amount at once.

As is now planned the Lawson Run and Sclero Trail sewers will be constructed in the order named and later other sections of the city will get sewer improvements.

### BLAIR AND WEBB CLASH TONIGHT

**CHILLICOTHE, Sept. 20—Action!**  
Who said action? It begins to look like that's all there will be tonight when a varied turnout of boxers display their athletic wares at the American Legion bouts to be staged at the Majestic.

Sailor Cain prying up the curtain, it begins to look like action will be the piece de resistance on the leather pushers' menu.

All know Webb and Blair. Every ring fan in this vicinity is acquainted with both Webb and Blair, and their method of scrapping. Webb is aggressive and always willing to mix it, while Blair showed his speed here in his all too short go with Pete Sullivan. When these two meet for the first time fur will fly.

In addition to the big chorus, the program will consist of several solos and numbers by the ladies and male quartettes. A program of much merit has been arranged and the good people of Ironton can rest assured they will be given a rare two hours' treat. The First Christian choir is one of the best in the city, and has given

### Waiting Word From Entombed Miners

Wives and female relatives of 47 miners entombed in the Argonaut mine, California, gather before the shaft to learn latest news of their loved ones, probably doomed to death by suffocation.

### World's New Storm Center

The United States government will send one or more battleships to Smyrna (1) to protect our nationals in Asia Minor following severe reverses inflicted on the Greek army by Turkish nationalists. The Turkish, operating from their base at Angora (2), have launched cavalry attacks at Smyrna, Brusa and Ismid, occupied by the Greeks. The two armies are contending on a front represented by the heavy dotted line. Allied commissioners at Constantinople (3) may take action to bring about an armistice.

# WHERE NEW WAR LOOMS

**TURKISH** Nationalist troops under the leadership of Mustafa Kemal Pasha who defeated the British at Gallipoli in the World War, have advanced from their base at Angora, Asia Minor (1) and have taken the important seaport and commercial center of Smyrna (2) which has been captured. The Turks have driven the Greeks from the whole coast of Asia Minor; the latter are fleeing to Piraeus. From his position in Smyrna and Brusa, Kemal is able to threaten Constantinople (3), now under inter-allied control. Allied war-ships in the sea of Marmora and before Smyrna are preparing to hold the Turkish leader in check. Britain is rushing troops to occupy the neutral zone about Constantinople, indicated by the dotted line. Kemal in a draft of peace terms has demanded Constantinople and Adrianople, seen west of Constantinople. This, together with the suspicion that Bulgaria may support Turkey, has caused Yugoslavia to mass troops on its border (5). Meanwhile Soviet Russia is said to be concentrating troops in the Caucasus (6) to come to the aid of Kemal. The bulk of Kemal's troops are quartered on the mainland of Asia Minor (4).

## Turkish Crusades

**TURKISH** history began with a crusade, and since then has consisted of little more than one crusade after another. Shortly after 1200 A. D. a small body of Mohammedan Turks invaded Asia Minor. They were wonderful fighters, and under Osman or Orhan (1288-1326) they laid the foundation of the Ottoman empire. For 300 years the crusading was all on the side of the Turks. Conquest after conquest succeeded as the empire pushed its way into Asia and Europe; gaining undisputed sway over the Mediterranean. But when the Turks undertook to wrest Cyprus from the Venetians, they ran into a Holy League formed by Venice, Spain, and the Pope which inflicted a crushing defeat upon them at Lepanto in 1571. Here began the decline of the Ottoman Empire. Austria, Persia, Armenia, Poland, Russia, France, and England all, at various times in early history, clashed with the doughty Turks. These invasions were intermingled with rebellions, so that Turkey has hardly ever experienced a period of peace.

## Settling Turkish Question

**THE** Turkish question was "settled" after the Crimean war by the Treaty of Paris, March 30, 1856, when the empire was formally taken into the society of European nations. How well it was settled is shown by the chronology of the high spots in subsequent Turkish history. 1875—Herzegovina rebels. 1876—Bulgarian revolt causes massacre. 1877—War with Russia. 1878—Treaty of San Stefano ending Russian war, makes Bulgaria an autonomous state of such large dimensions that other powers object. Treaty of Berlin arranges new territorial settlement of Balkans which endures substantially until 1908. 1885—Bulgaria advances frontier as result of war with Serbia. 1897—Uninterrupted peace reigns in Turkey. 1897—War with Greece. 1908—Nationalist society of "Young Turks" proclaim establishment of constitution and set up "Committee of Union and Progress" which becomes unofficial, but real government. 1908—Bulgaria proclaims independence of Turkish suzerainty. Austria proclaims annexation of Bosnia and Herzegovina. 1909—Unsuccessful counter-revolution against Young Turks is accompanied by Armenian massacres. 1911—Italy invades Tripoli and Cyrenaica. 1912—First Balkan War with Bulgaria, Serbia, Greece, and Montenegro against Turkey begins one day before peace is signed with Italy. 1913—Division of Turkish spoils brings on Second Balkan War, ending by Rumania's intervention. 1914—Greece annexes Crete, creating friction with Young Turks. 1914—Turkey becomes ally of Germany in World War. 1918—Trouble with Greece is renewed. 1922—Kemalist army forces Greek retreat and captures Smyrna.

## Enemies For 100 Years

**FOR** the last century Greece and Turkey have been enemies. It was just 100 years ago, in 1822, that Greece threw off the yoke of Turkish rule. Independence was not easily gained, however, for it came only after a hard fight and the armed intervention of European powers, in 1827-2. Since then the Greeks and Turks have clashed in 1897, 1912 and 1919.

## PAGEANT SEAT SALE STARTS OFF BRISKLY

The reserved seat sale for Pageant tickets Wednesday was conducted in a manner most commendable in that it was in the hands of men familiar with such work, who compelled the people to file into the room in single order. There was no crowding or congestion and all purchasers were waited on in the order of their arrival. Many tickets were reserved, but as there are 4500 seats, many seats may yet be procured as there are quite a few on hand. President Adam Frick and Secretary W. S. Harris of the Chamber of Commerce addressed the New Boston pupils during the chapel hour in behalf of the coming Pageant Wednesday morning. New Boston is much interested in the success of the Pageant, and will do all in their power to make it a success. The Glenwood school will close each afternoon in order to permit the scholars to attend the great outdoor entertainment.

## Big Vote In Popularity Contest

The popularity contest is on now in earnest and it is some task to gather and tabulate the coupons, especially during these busy days about the Pageant office. That errors are likely to occur in the rush is but natural, one occurring Tuesday when the vote of Miss Mary K. Smith was unintentionally omitted. Miss Mary K. Smith is a baby and a pretty one, and friends of the parents are anxious that she should carry off the cap. The several votes are not large today due to the fact that the ballots were collected Tuesday evening and not Wednesday noon. However the vote tomorrow with all contestants will show a large increase. There are several new names in the list.

This action came as a result of an understanding reached between the prosecutor and counsel for the defendant under which Craft will make weekly payments for the support of his family.

Craft, who is now employed by the American Bridge company at Vancuburg, Ky., recently instituted suit for divorce against his wife, Emma Craft, who lives at 738 Eighth street.

Cross examined by Attorney Morrow, Frazier said that Shoemaker saw someone he called "Uncle."

F. Strong was then called to the stand. He denied seeing Shoemaker on August 10, but said he did see him on August 7. Strong was not clear on where he met Shoemaker but at first said Frazier and himself were on Chillicothe street near the First National Bank Bldg., when Shoemaker came along and picked them up and took them to the East End. A short time later, he said, they were in Wakfield. He said that three of them stopped in on a porch at Wakfield during the rain and that Shoemaker visited his uncle there also. On cross examination by Attorney Morrow, Strong changed his story several times. His story did

not talk with the stories told by Shoemaker and Frazier as to where they met and who they mentioned Wakefield. Strong said he did not recall about going to the ball game or meeting either man there until Attorney Klein questioned him again and asked him if he recalled going to a ball game that evening. Strong's memory refreshed, he changed his story and said he met Shoemaker down street earlier in the afternoon and later at the ball park. He also told of the pump house incident where the machine stopped on account of the gasoline tank being empty. He claimed that not a word was said regarding the arrest or injunction. Lewis, former N. & W. guard, or Clifford, was the next witness. He said he left the service of the N. and W. on the night of August 9, and that

He claimed he did not mention the injunction or say anything about the strike to either man. He added that the feeling existing between the spectators and himself had never been satisfactory. ## NEW YORK STOCKS

NEW YORK, Sept. 20.—Wall Street's approval of President Harding's veto message on the soldier bonus bill and its lack of serious concern over the near eastern situation was reflected in the strong tone at the opening of today's stock market. Prices advanced steadily over a broad list of comparatively light dealings. Oil shares led the advance. Standard Oil of New Jersey being pushed up 3 points in response to the announcement of an increase in the export price of kerosene. Gains of a point or more also were recorded by Standard Oil of California, Pan-American, Royal Dutch and Coudens. Equipments, motors, coppers, zincs, Public Utilities and independent steels also participated in the advance, the gains ranging from large fractions to nearly two points. Trading in rails was less active but Omaha and Illinois Central moved a point higher, and Union Pacific, Southern Pacific and Atchafalpa improved fractionally.

American Ice, National Biscuit, and Coca-Cola stood out in the specialty list.

The upward movement continued through out the morning, new high records being established by Austin Nichols, Beech Nut Packing, White Eagle Oil, Consolidated Cigar, and American Zinc preferred. Reports of an early reopening of the Ford plants, settlement of the shipman's strike on the New York Central and announcement of higher prices for various commodities all contributed to the more cheerful sentiment. There were indications also that the short interest was being largely reduced.

Some of the outstanding gains were made by Lorillard and American Tobacco, Phillips Jones, Cluett Peabody and American Express which were up 3 to 6 points. There were a few exceptions to the upward swing. British Empire Steel second preferred dropping back five points and Marine preferred 2 1/2. Call money opened at 4 1/2 per cent.

Under the influence of more favorable foreign and domestic news the commodities, extensive short covering and renewal of pool operations in special stocks, prices in today's stock market were bid up rather sharply in early dealings. The gains were modified somewhat later when a number of loans were called coincident with the rise in money rates. Sales approximated \$25,000 shares.

The closing was irregular.

## Chicago Grain And Provision CHICAGO GRAIN

CHICAGO, Sept. 20.—Wheat scored a little advance in price today during the early dealings, an unexpected upturn of values at Liverpool giving a bid for confidence to buyers here, closing was current that the rise in Liverpool had as a basis the fact that British elevator stocks were scanty and that the price outlook was regarded as worse. On the other hand, profit taking sales by holders here soon led to something of a setback. The opening which started from 1/2 to 3/4 higher with Dec. 1.04 1/2 to 1.04 3/4 and May 1.05 1/2 to 1.05 3/4 was followed by a reaction which carried the market a trifle below the initial range.

Corn and oats showed independent firmness induced by prospects of a better shipping outlet to the east. After opening 1/2 to 3/4 higher, Dec. 75 1/2 to 75 3/4, the corn market made a slight general gain.

The market closed strong 2 1/2 to 3 1/2 net higher with Dec. 1.06 1/2 to 1.06 3/4 and May 1.11 to 1.11 1/4.

Oats started unchanged to 1/4 higher; Dec. 36 1/2 and later continued to harden.

Provisions were easier in the absence of any special demand.

Corn closed strong 1 1/2 to 1 3/4 to 1 1/2 net higher with Dec. 59 1/2 to 59 3/4.

## Ward off one of humanity's greatest enemies by daily use of Kellogg's Bran!

Medical authorities generally agree that sickness and old age start in the intestinal tract through constipation. A condition that every man, woman and child in this nation can positively and permanently relieve through the regular use of BRAN—Kellogg's Bran, cooked and krummled! Kellogg's Bran is nature's own food, roughage that the eliminative tract must have to function properly! Bran sweeps, cleans and purifies without irritation or discomfort! So wonderful is its work for health that you can take any person who is run down, whose system is clogged and poisoned by constipation, give them Kellogg's Bran three times a day and eliminate the trouble permanently!

Yet Kellogg's Bran is not a "remedy"—simply nature's food. To eat Bran regularly means that you

will become normal in the eliminative tract, and in other organs, and escape the dangers that are traceable directly to constipation! Your physician will endorse Bran for constipation. Do not neglect Kellogg's Bran another day. Every member of your family should eat Bran regularly—at least two tablespoonsful daily; in chronic cases, eat it with each meal. It does great work for children, making them grow big and strong, and safeguards their health. Kellogg's Bran, cooked and krummled, is deliciously flavored. Eat it as an appetizing cereal or sprinkle it over your favorite food. Kellogg's Bran makes the tastiest cereals, raisin bread, pancakes—and endless other good things—and it is working for health all the time! Buy Kellogg's Bran at all grocers!

## LOCAL MAN'S CAR IN ACCIDENT

WELLSTON, Sept. 20.—Lane S. Ely, the West Side merchant, and party were in an automobile wreck near Harrisonville when returning from Ironston, in which the Ely car was badly damaged. A front wheel of the Ely machine was crushed and the axle bent, besides the crumpling of the fender, while the parked car suffered a damaged hub and fender.

No one was hurt. In the Ely car were Mr. and Mrs. Ely and daughter,

Miss Florence, Miss Beulah Wilson and Miss Lorena Lindauer. The party secured another car and arrived home late Sunday and the wrecked car was left in a farmer's barn and will be sent after tomorrow.

Fred Tounline, B. & O. agent, and party were in an automobile accident Sunday afternoon miles west of Jackson on the Matlock's pike. When attempting to pass, his machine collided with that of Louis Thompson, of Portsmouth, formerly of this city. A wheel of the Tounline machine was broken down and the axle of the Thompson machine was bent. None of either party was injured.

## Billy Evans Says

GOLF is the old man's game no longer. That belief certainly was shattered at the recent amateur championship held over the Brookline (Mass.) course.

The oldest of the four players who competed in the semi-finals was Chick Evans, who is 22. The other three, Ruddy Knupper, Jesse Sweetser and Bobby Jones, are all around the 20 mark.

As I followed Evans and Knupper around in their match, the gallery afforded me as much interest as the players. It was a congregation of all classes and ages, proving that golf is becoming rapidly a game that appeals to the masses, rather than the select.

Among those who followed the players in the semi-finals is a conservatively to say that several hundred were boys and girls around the ages of 15 and 16.

Not so many years ago it would have been regarded as an incident decidedly out of the ordinary if some player who had not yet reached the voting age worked his way up to the finals. Now such a happening is the rule rather than the exception.

"As I liked over the course, in company with many of the game's leading experts, the consensus of opinion was that the champions of the future in most cases would be young men."

## SHUCKS! IT IS ALL OVER; BOTH NEW YORK TEAMS, APPARENTLY, ARE PENNANT WINNERS

## Browns Lose; Yankees Win

NEW YORK, Sept. 20.—The New York Yankees were a notch nearer their second consecutive American league championship today as a result of defeating Ty Cobb's battling Tigers 4-3, in the first game of the series, while the St. Louis Browns, again without the services of Geo. Sisler, succumbed to Washington by the same score.

The Yankees increased their lead in the race to two and a half games. They can clinch the pennant by taking seven of their remaining nine games, even if St. Louis wins all eight of its contests.

Sam Jones of the Yankees and Herman Pilleit, Cobb's twirling ace, both got off to wobbly starts, but Jones was airtight after the second inning while his rival weakened in the seventh and eighth when New York pushed over the tying and winning runs. Babe Ruth's thirty-fourth homer, a double steal by Schang and Jones and extra base walkups by Pipp and Menckel, were scoring factors for the Yankees.

Joe Williams of the Browns matched Ruth's circuit clout with his thirty-ninth, putting him two ahead of Rogers Hornsby of the St. Louis Cardinals and increasing the probability that he will displace the Babe as this year's home run chief.

The New York Giants were ready to battle Pittsburgh in the first of a three game series today. The Pirates gained a half game in the race by trimming Philadelphia 5-1, while the Giants were idle. The Giants to clinch their eighth National league title since 1900, need win but seven of their 33 games, even if the Pirates capture all ten contests.

Two recruit twirlers, Metevier and Winn, pitched Cleveland to a double victory over the Boston Red Sox, 7 to 4 and 3 to 2. Neither issued a base on balls.

Hornsby hit safely in his thirty-third consecutive game while St. Louis downed the Boston Braves, 8-4, in the only other game played in either major league.

## FINAL GAME

IRONTON, Sept. 20.—Another and final game has been arranged between Russell and Ironton by Jimmy Campbell, for the following players:

Outfielders: Malone, Gorham, Nate Ball, Gus Henry and Harry Boyles.

Infielders: Spears, Taylor, Crawford, Warner and Chief Lambert.

Catchers: Canon and Yunk Howd.

Pitchers: Sisler, Pasley and Coleman.

The details for the game are not complete, but this closing battle, staged either in Russell or Ironton, should prove the greatest drawing card of the year.

## Williams Hits 39th Home Run

ST. LOUIS, MO., Sept. 20.—Kendall Williams of the St. Louis Cardinals hit his 39th home run of the season in fourth inning of Tuesday's game with Washington. The drive was into the right field stands and came off Walter Johnson. Williams now is leading the majors by two home runs, his closest competitor being Rogers Hornsby of the St. Louis Nationals, who has 37.

## Lease Field

The Portsmouth High School has secured a year's lease on the Industrial league playing field, Seventeenth and Chillicothe streets. All P. H. S. games will be played there this fall.

## EDDIE'S FRIENDS

Count me out, I ain't gonna play this morning. I'm gonna get a little snooze on the way in.

I really intended to go in on No. 4, but the wife had the alarm set and woke me up. If it wasn't for that I'd be pounding my ear right now.

Why don't you try sleeping at night?

You'll do no sleeping on this train after what you did to me yesterday morning. I want revenge. We've got new cards an' everything.

Hey Eddie, hurry up, I heard her whistle for the crossing.

## Looks Bad For Browns

ST. LOUIS, MO., Sept. 20.—St. Louis dropped to two and one half games behind in pennant race Tuesday by losing out to Washington, 4 to 3, while New York was defeating Detroit. Washington came from behind in the eighth and by bunting hits, including doubles by Harris and Rice, ran up three tallies.

The Senators scored their other run in the sixth.

Williams' home run into the right field stands was his 30th of the season. He is now leading all other major league players by two circuit drives. Rogers Hornsby of the local Nationals, his closest rival, having 27.

George Sisler was out of the lineup because of his injured right shoulder but batted for Van Gilder and struck out. Sisler's physician has advised him to stay off the field for the remainder of the season, but Sisler said he believed several days rest would allow him to get in the three game series which opens with Philadelphia Friday. ## AFTER THE WAR

THE evil that men do lives after them," mourned the old Roman, and the same thing is true of war, only to a greater degree and in a vastly greater number of ways. The latest disaster resulting from the war has recently developed in Paris.

After the armistice, many unexploded shells lying on the battlefields were collected by the returning soldiers and taken home with them, contrary to strict police regulations. While one of the French veterans was proudly exhibiting one of these "duds" to an admiring friend, the shell's dormant conscience suddenly awoke, and it proceeded to the deadly end for which it was designed. A disastrous explosion occurred. The same thing happened with others. Other panic-stricken collectors sought to get rid of their dangerous souvenirs as quickly as possible, and in order to avoid arrest, surreptitiously left them by the wayside, or down the drains. Consequently passersby, and, worst of all, little children, have been menaced by these undependable trophies of war. The street cleaners have become so anxious for their safety that they have appealed to the authorities for protection.

The consequences of war are unexpectedly many and varied, and long after the peace treaty they keep coming to light. War is a succession of horrors that breed horrors. The only way to eliminate them is to abolish war altogether. It can be done.

## TREATMENT FOR BEGGARS

ONE of the modern theories in regard to transgressors against society is that they are all diseased. Samuel Butler wrote about a fictitious country in which one was sent to jail for the measles and to a hospital for burglary.

A national committee on vagrancy and begging has been organized in New York City to deal with one phase of the situation. They have discovered that a million beggars are in the United States—or about one in every 120 inhabitants—40,000 of whom are in New York City.

They are not driven to this extremity by misfortune, but by eye to easy money. One man who was a stenographer and translator in the disarmament conference has forsaken his calling for the more lucrative business of begging. A New York beggar claims that he makes an average of \$60 a day through the year, and a really artistic worker has made \$60 an hour during the theatrical rush.

The necessary treatment must be partly moral, and administered by an enlightened public and an active police. Plans of the National Committee also include educating beggars in a useful trade, depriving them of their only excuse for not making an honest living. Thus a menace to society will be transformed into a positively constructive element.

The National Committee on Vagrancy and Begging deserves the fullest commendation and co-operation.

## ON HOBBIES

LIVER WENDELL HOLMES said once to a young friend, "I believe that every man must have a hobby that is as different from his regular work as it is possible to be. It is not good for a man to work all the time at one thing." Dr. Holmes carried out his theory by finding an outside interest in the shape of a carpenter shop, which provided in abundance the diversion and change from his literary and medical labors that he needed.

Roosevelt also was a living exponent of this theory. He spent little time passively, but found his rest in change of occupation and attention to subjects quite outside the field of his main career. He entered upon an African hunting trip with as much vim as he ever delivered a political speech, but the one occupation was a rest and relaxation from the other.

Too few people realize the value of this kind of productive rest. Its object is not incessant activity, but the freshening of the faculties by turning them to entirely new activities, and thereby enriching and deepening the individual's interest in the main work.

The main job rarely suffers by the maintenance of a hobby. Instead, it gains in the measure in which the one who holds the job profits by the hobby.

## Paris Day-By-Day

BY O. O. MCINTYRE

PARIS, Sept. 20.—London is a lie-town. Paris is for the ladies. The Louis XIV influence prevails in the gown and hat shops where the women are attended with royal flourish. In these places Paris is at its best.

The French charm and manners are pitched in the superlative. Mildred is rarely urged to buy. She is merely invited to behold, but after rows and rows of manikins have been paraded before her she generally does make a purchase. I'll say she does.

The saleswomen have a way of idealizing their wares. A dress is not merely a frock. It has an endearing name such as "Robe, My Love," or "Robe of the Heart's Desire." A hat becomes "Chapeaux d'Amour." There are times when the customer feels the saleswoman do not wish to part with their idols. I hasten to add this is merely a fallacy.

I imagined that if the man milliners and gown makers of Paris were dapper little fellows, perfumene looking men I saw in France were in the big establishments catering to the ladies. In overalls and wooden caps they could well be taken for lumber-jacks.

The smartest dress-making establishments have no window displays. They regard their wares as sacred. To display them would be plucking the depths of artistic vulgarity. A dress or a hat becomes a treasure as highly prized as a picture in the Louvre. And that is, I think, why the ladies fall so deeply in love with Paris.

In several of the dress-making places they have lounges for the men—ante-chambers where they may play solitaire or cubito and await the "bad news." The saleswomen, contrary to the American fashion, brought along by customers. They attempt skillfully to pilot them into the lounges.

Ten and cigarettes are always on hand if the ladies become fatigued and in all the establishments a physician is on call for those customers who are inclined to become hysterical after arduous hours of fitting. But no thought, so far as I could learn, is given for the husbands who might become hysterical when they get the bills.

Today I think I discovered the reason why there are so few street beggars on Paris streets. An old, lonesome man, shuffling along on stumps, came out of a subway exit. He held out his cap for a few moments and a gentleman saw him. He was motioned away and heaved the street traffic for the other side of the street. Here another gentleman waved him away. I watched him for two blocks and in that distance he was halted and rebuked by five gentlemen. He finally disappeared again in the subway, completely beaten.

The young men of France are almost invariably impoverished. The war has taken the best years for get-
